Does that boy need a Wagon? Not the ordinary kind but a sure enough wagon. Look at our REVONOC! it has 26 gauge body with reinforced rim, one inch bottom, wrought fifth wheel, drop bent handle, iron hubs, wood wheels, with true quarter inch hard wood. Prices a little high, but the quality is there.

AT THE DIXIE.

A great day at the Dixie yesterday. Three grand programs were shown—morning, afternoon and night. The programs for today are extra good. Everybody's favorite, Maurice Costello, as "Lula's Doctor," supported by Miss Clara Kimball Young and Helen Costello. We are sorry to have advertised this picture on Monday and failed to show same, but a mistake in shipping caused us to receive another picture in its stead. Hope all will forgive (as it was our misfortune) and come out and enjoy "Lula's Doctor" tonight. This is the first time the Dixie has ever been so unfortunate as to advertise a picture and fail to show it, and we sincerely hope it will not happen again.

The Dixie's Pathe Weekly day will be changed from Saturday to Wednesday, beginning with today No. 40, released on Monday, making it only two days old when received by the Dixie. The current events of the world when they are brand new. No. 40 is great. The Giants and Cubs, New York 3, Chicago 5. A great Indian picture for the children, good refined comedies, and beautiful dramas. An extra good program tonight. See Dixie program space.

COLORED TEACHERS INSTITUTE

Brazos County Colored Teachers' Institute Will Be Held in Colored Baptist Church in City.

County Superintendent T. W. Parker stated to The Eagle this morning that the Brazos County Colored Teachers' Institute would be held at the First Baptist church, colored, in this city, October 7 to 11. The following program will be followed from day to day:

Opening exercises and roll call.
Discussion of text-book subject matter.
Schoolroom essentials.
Reading in public schools.
Superintendent's period.

BUILD NEW WAREHOUSE

A new warehouse and other improvements on North Bryan street, just back of Allen Smith's store, have been arranged for by Hensarling Bros., and the contract has been let to B. G. Wallace to build same. The warehouse will be located on the south corner of the old Stuart place with a 20-foot wall, 30 feet wide and 126½ feet long and a 12-foot shed extending all across the south part of the block. Also three sales lots for horses and mules will be provided, and for convenience a runway will be erected to the track. The Eagle was also informed that the old Stuart place will be torn down and a new house erected, although the contract has not yet been let. These improvements demonstrate more fully that Bryan is continually growing.

NO TENTS THIS YEAR.

Room Will Be Found in the Dormitories for All Students.

Camp Milner, familiarly known as "Tent Row," is no more. It was destroyed during the spring term and summer vacation in order that the site might be used for the new Y. M. C. A. Building now being erected.

Camp Milner, named in honor of President Milner, was founded in 1906 for the purpose of housing those cadets who were unable to obtain rooms in barracks. It was added to from year to year, until the number of tents was raised to one hundred and twenty-three and the camp was a recognized addition to A. & M. When Harvey Mitchell Hall was built Tent Row's days of usefulness were over, and it was condemned. It was an eyesore to the campus and no tears will be shed over its destruction.

Prof. W. T. Wright while in Washington was the guest of the President, as the following invitation would indicate: "Prof. W. T. Wright, Y. M. C. A., Washington, D. C. The President and Mrs. Taft request the pleasure of your company on Thursday morning, August 1, 1912, at 11 o'clock." Claude Wilson, a former member of the 1911 class, studied last year at Texas University, and is now with Henry Louwien, '11, A. B. Collins, '12, and M. L. Johnson, '12, at Denver, Colo.

G. M. Maverick and E. D. Dorchester are at Boston Tech.

C. H. Booth and Charley Bonner, formerly of the present Junior Class, are at Texas University.

C. F. Smythe is reported at the University.

Gordon Broyles, a lieutenant in "I" company last year, has accepted a position as draughtsman with the Southwestern Telephone Company in Little Rock, Ark.

L. H. Durst, a former member of the '13 class who as a sophomore blew a trombone in the band, is now taking a four years' course in education at Texas University.

Not Paint

With linseed oil at \$1, what sort of oil do you think they use in "paint" at \$1.75 and \$1.50?
That stuff is counterfeit paint. You can cheat yourself; you can't cheat Time or Weather.
Paint is a rubbery coat over wood and iron to keep-out water.
Counterfeit paint may look like it; counterfeit money looks like money.
What are all counterfeits for? They are all alike.
